Subject: Tentative Approval of Amended Notice of Intention to Commence Large Mining Operations, Martin Marietta Materials Inc., Milford Quarry, M/001/0036, Beaver County, Utah

Dear Mr. Stafne:

The Division of Oil, Gas and Mining has completed a review of your amended Notice of Intention to Commence Large Mining Operations for the Milford Quarry mine, which was received June 2, 2011. Prior to issuing final approval, please provide the following:

- 1.) Two copies of any revised bonding text and any other changes to the plan received since the last major submittal on January 3, 2011, so we can update the plan to one that is complete and accurate. We will stamp one copy approved and return it to you for your files.
- 2.) A rider to the reclamation surety bringing the surety amount to \$3,056,000. Please contact Penny Berry at 801-538-5291 or by e mail at bondcoordinator@utah.gov to obtain the appropriate bond forms. Upon receipt of the surety rider, you will be requested to update the Reclamation Contract with form MA-RC.
- 3.) If available, an electronic copy of the mine disturbed area in the original AutoCAD, shape, or other file format. Please include the projection and datum information with this file. Contact Dan Smith at danielsmith@utah.gov or 801-538-5292 for further information or questions.

If you have any questions about the information needed, please call Tom Munson at 801-538-5321. Other questions can be directed to me at 801-538-5261. Thank you for your cooperation and patience

Sincerely,

Paul B. Baker
Minerals Program Manager
